Create super meals with nutritious, easy-prep, delicious sides. Basic American Foods (BAF) offers a full range of kid-approved menu options that are sure to please every taste—and budget.

FLAVOR ALWAYS COMES FIRST.

If a dish doesn't taste great, kids just won't eat it. So we've developed student-friendly recipes that will have them lining up and cleaning their plates.

KEEP IT SIMPLE.

Our foods feature quick, just-add-water prep so that your staff of food heroes can spend their time creating great tasting sides and more, and not waste time peeling or chopping.

DELIVER REAL NUTRITION.

You need the right ingredients to make really great meals, and our foods meet multiple USDA guidelines with no preservatives, no artificial colors or flavors, and lower sodium options.

DISH UP VALUE WITH EVERY SERVING.

Our foods give you the highest servings per case, so you need less storage, and with no food waste, you get the most servings per dollar.

THERE'S NO LIMIT TO BAF POTATOES AND BEANS

Because they qualify as vegetables, legumes or meat alternatives, you can add them to your menu, every day. Your students get more of the sides they crave, while you get a boost in your daily participation.
